

I am pleased to present, to you, the Lisburn District policing plan for 2005/2006.

During the past year, our performance has been extremely encouraging. We have achieved significant successes in both reducing and detecting crime within our District.

I am confident in our ability and look forward to meeting the challenges and targets set within this plan.

However, we want, and need, the support of the communities we serve.

A reshaped local service will evolve to meet the Patten vision. This reshaping will remain under constant review to ensure we, the police deliver to you, our communities, the best service we possibly can.

We are committed to making Lisburn District a safer place to live, work, socialise and visit.

We will continue to address local issues in close consultation with the Lisburn District Policing Partnership and other statutory agencies with whom we enjoy a close working relationship.

We will continue to focus on burglary, anti-social behaviour, violent crime, vehicle crime, drugs and other issues. We will not be found wanting in our determination to deal with and bring to justice, those who become involved in criminal activity.
