

In Moyle we strive to provide a policing service which is based on the concerns and needs of the community. The quality of life in this area of outstanding natural beauty can only be maintained and improved upon with your support.

To ensure that police activity is focused, Moyle District Policing Partnership (DPP) carried out extensive local public consultation. Consequently, a local policing plan has been produced and my performance as the local police commander will be monitored by the DPP at their regular meetings. These meetings are held in public and you are encouraged to attend.

We will also work closely with other bodies including the local Community Safety Forum to progress joint ventures that will promote your safety. Through such forums a broad approach can be taken to deal successfully with local issues.

Policing an area that contains the glory of the Glens, the Lammas Fair, the world famous Giant's Causeway and the oldest Distillery in the world has particular visitor issues. However I am confident that with your support our 'guests' will enjoy their stay and happily recommend it to their friends.

Let us all work together to make Moyle a safer place.

Moyle

District Policing Plan 2005–2006

Moyle policing objectives, indicators and targets 2005–06

Policing Board Objectives	Performance Indicators	Targets
Domain - Reducing crime		
2.0 To reduce crime.	2.2 The number of domestic burglaries.	2.2.1 To continue to reduce the number of domestic burglaries. (1)
Domain - Investigating crime		
4.0 To improve crime investigation and increase detection.	4.3 The quantity of drugs seized.	4.3.1 To increase the quantity of drugs seized. (2)
Domain - Promoting public safety		
5.0 To deal with anti-social behaviour in a way that improves the quality of life.	5.2 To establish an effective system for the recording and monitoring of incidents of anti-social behaviour.	5.2.2 To report the number and types of initiatives developed to address anti social behaviour.
6.0 To improve road safety.	6.2 The number of detections for excess speed offences in areas with high incidences of injury collisions and also areas subject to local complaint.	6.2.1 To increase the number of detections for excess speed offences. (2)

Notes

(1) Reduction target based on that achieved in 2004-2005

(2) Increase target based on that achieved in 2004-2005

This document sets out the arrangements that have been made for the policing of this District during the coming year. The Commander has agreed the current priorities after consultation with the District Policing Partnership (DPP) and our other community partners. It is not intended that the plan cannot change. Through the locally adopted National Intelligence Model of policing it will be reviewed regularly to ensure it remains relevant.

The objectives that we have set do not include everything that the local police can deal with. Even though certain crimes and activities are not mentioned in this leaflet it does not mean that they are being ignored. If you want to know more about the priorities or local policing issues please contact us at the addresses shown at the back of this document.
