POLICE OFFICERS PART TIME RECRUITMENT CAMPAIGN

NEWRY AND MOURNE DPP SUPPORTS/WELCOMES/LOCAL RECRUITMENT DRIVE

Members of Newry and Mourne DPP welcomes the launch of the recruitment campaign for 42 new part time police officers for the Newry and Mourne area.

The local campaign is seeking applicants from throughout the Newry and Mourne area to play a positive role by working in and with the community as a part time police officer.

The Chairman, Cllr William Burns said “Since its establishment, Newry and Mourne DPP has been working to make the community safer for all the people of the District through monitoring local police performance and ensuring the delivery of a policing service which meets community need.

We are working to make sure the police address issues of concern and through partnership initiatives resolve local problems. Over the last 3 years real progress has been made and this must continue to be built on.

These new Police Officers Part Time will provide a valuable additional resource and will work with regular officers in the delivery of ongoing and new local policing initiatives.

Policing with the community is central to all that the police do and the additional officers being recruited will be dedicated to working on community issues and working with the local community on issues of concern.

Anyone with an interest in playing a positive role in the local community by becoming a part time police officer is encouraged to apply.”
